KENYA WILDLIFE CONSERVANCIES FOUNDATION

CONSERVANCIES LEARNING HUB

LIVING NATURE · LIVING PEOPLE

Years of conservancy wisdom. *Now one click away.*

The Kenya Wildlife Conservancies Association has brought more than a decade of hard-won field experience into one online learning platform, open to everyone who lives with, works for and believes in Kenya's conservancies.

THE STORY

Kenya's conservancies were not built in classrooms. They were built under acacia trees, at community meetings and in the field, by people who learned by doing.

For years that knowledge lived in workshop notes, manuals and the memories of experienced managers: valuable, but hard to reach.

The **Conservancies Learning Hub** changes that. It **consolidates years of KWCA's work** into short, practical courses that anyone can take on a phone or a laptop, at their own pace, wherever they are.

> When one conservancy learns, *every conservancy grows.*
>
> Lessons, notes, practice quizzes and certificates, all drawn from what has worked across Kenya's conservancies.

MADE FOR

- Conservancy managers
- Board members
- Rangers & scouts
- Landowners
- Women & youth leaders
- Community members
- Partners & supporters

WHAT YOU WILL LEARN

01 What is a Conservancy?	02 Establishing a Strong Conservancy	03 Managing a Conservancy Effectively
04 Creating Sustainable Revenue	05 Holding a Good AGM	06 Creating a Credible Carbon Project
07 Writing a Management Plan	08 Women & Youth in Conservation	09 Achieving Greenlisting Status

1 Sign up

Create your free learner account in a minute and start with the preview lessons.

2 Learn your way

Short lessons, notes and practice quizzes that you can take at your own pace, on any device.

3 Get certified

Pass the final quiz to earn a KWCA certificate that anyone can verify online.

Your conservancy's next chapter *starts with one lesson.*

Join the leaders, rangers and communities already learning together. Share this with your board, your team and your neighbours.
